

## Price List for Property Analysis / Packaging

Analysis Field	Analysis Content	Unit Price (KRW)
○ SEM	Gold/PT Coating and Sample Pretreatment to be calculated separately	60,000
○ Bonding	Based on Die or Wire Bonding	46,000

Analysis Field	Analysis Content	Unit Price (KRW)
Sample Preparation	○ Simple cross-section samples of Si material	240,000
	○ Simple cross-section samples of compound semiconductor materials	300,000
	○ Additional: Samples for specific area observation	107,000
	○ Cross-section samples for SEM/AES/ESCA observation	90,000
SEM	○ SEM image observation	60,000
	- For Gold/PT coating (3 samples per time)	10,000
	○ Additional observation every 30 minutes	44,000
	○ Per additional image	3,000
	○ Observation of the same sample, different areas (per hour)	17,000
	- For additional observation every 30 minutes	44,000
	○ EDS qualitative analysis	27,000
	○ EDS quantitative analysis (up to 5 elements)	17,000
Bonding	- Basic service	46,000
